CLINICAL SERVICES

Outpatient Behavior Therapy, ABA Center and Home-based Autism Services:

- Functional behavioral assessments
- Individual and family behavior therapy
- ABA Autism Home- & Center-based Services
- Behavioral and educational consultation (i.e., Early Intervention, schools, home & community, early childhood, child-care and after school programs)

HOME-BASED SERVICES

The clinical staff of Applied Behavioral Associates, LLC provide behavioral treatment that focuses on goal areas encompassing the full range of a child's emerging skills and daily routine, while teaching functional skills. The program is a unique integrated therapy approach for treating children with Autism and other disabilities through direct home/community based teaching. Para-professionals provide direct 1:1 ABA services and receive ongoing clinical supervision and training.

PROFESSIONAL DEVELOPMENT

Our staff lecture extensively at national and local conferences, schools and Early Childhood programs. We have extensive expertise and experience in Applied Behavior Analysis, Autism, Developmental Disabilities, Anxiety Disorders, Challenging Behavioral Issues, Communication-based Interventions, Educational Consultation.

FEES: Services are provided and reimbursable by insurance, contract or self-pay basis. To inquire about services or to make referrals please contact us by phone or email.

INSURANCE: Is accepted in both MA and NH for outpatient behavioral health services as well as ABA Autism Home-based benefits. Coverage of services depends on the type of benefits and services provided. Please contact us for more details and to verify coverage. **Note that we are Medicaid providers only in NH.**
