CLINICAL SERVICES

- Outpatient Behavior Therapy
- ABA Home-based Autism Services
- Functional Behavioral Assessments
- Educational Consultation
- Professional Development Workshops

HOME-BASED SERVICES

The clinical staff of Applied Behavioral Associates, LLC provide behavioral therapy that focuses on goal areas encompassing the full range of a child's emerging skills and daily routine, while teaching functional skills. The program is based on the empirically-based ABA treatment approach recommended for treating children with Autism and other disabilities through direct home and community based teaching. Para-professionals provide direct 1:1 ABA services and receive ongoing clinical supervision and training by a BCBA.

PROFESSIONAL DEVELOPMENT

Our staff lecture extensively at national and local conferences, schools and Early Childhood programs. We have extensive expertise and experience in Applied Behavior Analysis, Autism, Developmental Disabilities, Anxiety Disorders, Challenging Behavioral Issues, Communication-based Interventions and Educational Consultation.

FEES: Services are provided and reimbursable by insurance, contract or self-pay basis. To inquire about services or to make referrals please contact us by phone or email.

INSURANCE: Is accepted in both MA and NH for for outpatient behavioral health and ABA Autism Home-based services. Medicaid is accepted in NH. Insurance coverage depends on a client's plan, benefits and services provided. Please contact us for more details and to verify coverage.
